

RDSB Elementary Volleyball Score Sheet Reference Page

The score sheet is used to track players, their positions and the score of the game. This is not meant to create more work for coaches but is deemed a necessary step to ensure the quality of the game is maintained at all times by all participants.

There are three main sections to the score card: 1) Team Roster, 2) Rotation Order, and 3) Score.

1) Team Roster

- a. Prior to the beginning of the game the team roster must be entered.
- b. The required info is team name, player names and player numbers.
- c. Teams are encouraged to print their rosters on labels. Labels should fit into a 9cm x 4cm (3.54" x 1.57") rectangle.

2) Rotation Order

- a. Teams do not fill this out on the score sheet. This information is added to the score sheet by the official scorer from the team ***lineup cards***.

3) Score

- a. The official score is on the score sheet not the scoreboard. This is maintained by the official scorer.

Captains will be required to sign the score sheet at the conclusion of every game.
